

LIMASSOL CY • NEWCASTLE U.K.

Nasser Alazzawi hails from Newcastle, U.K – the home of world renowned House & Techno events "Shindig" & "PROMISE!" in the 2000s. In recent years he has followed his passion for music and co-founded intimate daytime party "PROGRESS:ON", booking & DJing alongside Lexicon Avenue, Clive Henry (Peace Division / Hooj Tunes), Fuenka (J00F Recordings), Yeadon (Global Underground) and more rising stars in the scene.

Nasser has a passion for taking music lovers on a special awakening through emotional, inspiring Melodic & Progressive Electronic music, blended together into something unique in the moment.

His style ranges from melodic beach vibe sounds from "All Day I Dream" and "TrybesOf", to the more uplifting and energetic "Balkan Connection", "Bonzai Progressive" and Guy J's label "Lost & Found".

Having permanently relocated to Cyprus, Nasser is making it his mission to bring his unique sound to the island.

Nasser DJ's regularly at Limassol's Noa Beach, Agora Rooftop and Kesh, and, during lockdown, created a weekly live streamed YouTube channel called "Melodicast" to raise the spirits of hundreds of isolated music lovers located all over the world.

The potential of the music scene in Cyprus excites him. The combination of local up and coming talent and intimate open-air venues is simmering into something special and the island feels ready to bring electronic music to the forefront.

Nasser is keen to collaborate with others to nurture and develop the scene for those who understand what we are really about: creating a space where everyone feels safe to heal any battle wounds and make amazing memories together on the dance floor.
